

Step 1: Create Custom Objects

Create 2 objects:

1. Std

Setup → Object Manager → Create → Custom Object

Property	Value
Label	Student
Object Name	Student

2. Faculty

Same process:

Property	Value
Label	Faculty
Object Name	Faculty

Step 2: Create Student Fields

Inside `Student__c`

Field Label	Type	API Name
Std Name	Text	Std_Name__c
Roll Number	Number	Roll_Number__c
Marks	Number	Marks__c
Email	Email/Text	Email__c

Step 3: Create Faculty Fields

Inside `Faculty__c`

Field Label	Type	API Name
Faculty Name	Text	Faculty_Name__c
Faculty ID	Number	Faculty_ID__c
Salary	Currency	Salary__c
Department	Picklist	Department__c
Joining Date	Date	Joining_Date__c

Picklist values:

IT
HR
Computer
Mechanical
Civil

Step 4: Create Validation Rules

STUDENT VALIDATIONS

1. Marks Between 0 and 100

Object:

`Student__c`

Validation Rule Formula:

`OR(Marks__c < 0, Marks__c > 100)`

Error Message:

Marks must be between 0 and 100

2. Roll Number > 0

Formula:

`Roll_Number__c <= 0`

Error:

Roll Number must be greater than 0

3. Email Must Contain @

Formula:

`NOT(CONTAINS(Email__c, "@"))`

Error:

Invalid Email Format

4. Student Name Cannot Be Blank

Formula:

`ISBLANK(Std_Name__c)`

Error:

Student Name cannot be blank

FACULTY VALIDATIONS

1. Faculty Name Minimum 3 Characters

Formula:

`LEN(Faculty_Name__c) < 3`

Error:

Faculty Name must contain at least 3 characters

2. Faculty ID > 0

Formula:

Faculty_ID__c <= 0

Error:

Faculty ID must be greater than 0

3. Salary Validation

Formula:

OR(Salary__c < 10000, Salary__c > 500000)

Error:

Salary must be between 10,000 and 500,000

4. Department Must Be Selected

Formula:

ISBLANK(TEXT(Department__c))

Error:

Please select Department

5. Joining Date Cannot Be Future Date

Formula:

Joining_Date__c > TODAY()

Error:

Joining Date cannot be future date

Step 5: Make Faculty ID Unique

Go to:

Faculty_ID__c field

Check:

Unique

Save.

Step 6: Create Lightning App

Agar Student/Faculty option nahi dikh raha:

to pehle un objects ke tabs create karo.

Go:

Setup → Tabs → New

Create:

- Student Tab
- Faculty Tab

Then app wizard me options dikhne lagenge.

Step 6: Create Lightning App

Go to:

Setup → App Manager → New Lightning App

Name:

College Management

Next Next karo until:

Navigation Items

step aaye.

Left side se:

- Student
- Faculty

select karo and > press karo.

Save.

Again dropdown:

Edit

Check:

App Options / User Profiles

Ensure:

- System Administrator selected ho.

Save.

Step 7:

Step 1: Open App Launcher

Top left:

9 dots (App Launcher)

click karo.

Step 2: Search App

Search:

College Management

Open it.
